

# Red Cedar Media LLC

## Listing of Courses By Service(s) and Customer

### Training Courses Designed (InstDes), Developed (TrainDev), and Delivered (TrainDel)

#### Customer: General Motors/Knowledge Center\*

ANSYS Design Space for GM Design Engineers  
ANSYS Design Space for Interiors  
Body-in-White Data Analyzer (BIWDA)  
C-MORE Throughput Analysis - Basic  
C-MORE Basic CBT  
C-MORE Throughput Analysis - Advanced  
Cost Management Process  
Design for Assembly Overview  
Design for Manufacturability Overview  
Design for Six Sigma (DFSS) Overview  
Design of Experiments Part 1  
Design of Experiments Part 2  
Design of Experiments CBT with Audio  
DEXPERT for Windows  
Door Engineering Toolkit incl. Door Design and Glass Design Advisor training  
Key Characteristic Designation System (KCDS)  
MACH-2 Overview  
MACH-2 Stamping and Welding  
Robust Engineering Overview  
Robust Engineering Training  
Statistical Tolerancing  
SURFSEG Surface Development/Reverse Engineering Software training  
Variation Drivers Analysis (VDA)  
Variation Sim. Modeling Part 1 (Complete Revision)  
Variation Sim. Modeling Part 2

#### Customer: Hewlett Packard/EDS, formerly EDS

Accel. Req. Determination Process (ARDP)  
Adobe Captivate Basics CBT  
Appl. Modernization Overview  
Appl. Outsourcing Services Overview  
Audacity Basics CBT  
C-iT Show-me CBTs (various topics)  
Converting Webinars to Captivate CBTs  
ESS Process Show-Me CBTs  
GM Way: System Delivery Process (GM-SDP) CBT  
GM Way: GM-SDP Mapped to EDS GAD/QMS CBT  
SAP: Goods Receipt Notification CBT

#### Customer: SAE International Continuing Education\*

Design for Mfg. and Assembly (1-day)  
Design for Mfg. and Assembly (2-day)  
Design of Experiments for Engineers (2-day lecture-based)  
DOE for Engineers Webinar (Six 2-hour sessions)  
Engineering Economics  
Statistical Tolerancing

#### Customer: American Society of Quality (ASQ)

Process Improvement Methodology (PIM), course is currently under development

### Training Courses Designed (InstDes) Only

#### Customer: SAE International

ISO-9000 Fast Track  
Practical Race Car Data Acquisition Fast Track  
Stopping Distance Fast Track  
Introduction to APQP Fast Track  
Weibull Analysis Fast Track (contracted/upcoming)

### Training Courses Developed (TrainDev) Only

#### Customer: HP/EDS (formerly EDS)

Applications Modernization: Re-architect  
Applications Modernization: Re-host  
Applications Modernization: Re-interface  
Applications Modernization: Re-learn

### Training Courses Delivered (TrainDel) Only

#### Customer: Focus:HOPE (Detroit Voc-Tech Program)

Engineering Economics 1  
Engineering Economics 2

#### Customer: General Motors/Knowledge Center

Design for Assembly Workshop  
Design for Service (DFS)  
Design for Six Sigma Process Training  
Geometric Dimensioning and Tolerancing Basics  
Knowledge Center Guided Tour  
OPTOLS Training  
Variation Simulation Modeling (Initial Course)

#### Customer: HP/EDS, formerly EDS

Business of Engineering (BOE)  
Business of Manufacturing (BOM)  
Capability Maturity Model: Level 3

#### Customer: Macomb Comm. College Continuing Ed.

Financial Principles for Retirement

#### Customer: ESF, Inc. Certified Instructor (Open Enrollment Courses)

ProTrainer Instructional Development Learning System (IDLS) developed by ESF, Inc.  
Part I: Design, Develop & Validate Training Materials  
Part II: Training Needs Analysis  
Part IV: Interactive Teaching Skills

#### Customer: SAE International (primers in support of existing training course offerings)

Using Minitab: Full Factorial Experiments  
Using Minitab: Partial Factorial Experiments  
Using Minitab: Response Surface Experiments  
Using Minitab: Robust Design (Taguchi) Experiments

#### Customer: Wayne State Univ., College of Engineering

Decision Theory for Civil Engineers  
Engineering Statics  
Engineering Economics 1  
Engineering Economics 2

\* Unless identified as "CBT", course package included a complete course handout, with supplemental reading,
